## REACH Statement

Under the definition of the REACH regulations EC1907/2006, Optoplex Corporation is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. According to the latest update, the total number of SVHCs on the Candidate List has been increased to 247 substances.

The list can be found at:

<http://echa.europa.eu/candidate-list-table>

Based on the material content certifications provided by Optoplex’s suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Optoplex’s products do not contain any of these SVHC in excess of 0.1% by weight.

Optoplex Corporation will continue to comply with REACH requirements and notify customers of any change in article content.

Should you have any question, please contact Optoplex’s QA department at [QA@optoplex.com](mailto:QA@optoplex.com).
